

CAMBRIDGE

INTERNATIONAL SCHOOL

Summer Assignment

Class: 4th

Subject: EVS

Answer the following questions

Q1. Suppose your younger brother falls while playing and starts bleeding from his knee. What steps will you take before taking him to the doctor?

Q2. If you had to make a map of your school, what important places would you include and why?

Q3. What problems can arise if clothes are not stored properly during the rainy season?

Q4. Imagine you have to build a house in a very cold region. What materials would you use and why?

Q5. Why should a house have proper drainage and sanitation facilities? Draw the diagram as well

Q6. You washed your red t-shirt and white socks together. Now your socks look pink.

What did this happen? What is the 1 rule of washing clothes you forgot? Can you fix the socks now?

Submission Guidelines

- use neat handwriting and correct spellings.
- write the given work on your fair notebooks.
- Drawings should be clean well-coloured, and labelled.
- Work should be completed independently.

-submit the assignment on the re-opening day after summer break.
